MEETS MOST PATIENTS' NEEDS

SimplyGo packs more of what you need in one POC, without packing on unwanted pounds. In fact, SimplyGo is the only continuous flow POC to weigh in at ten pounds. And for patients who need higher pulse settings at night, the Sleep mode provides increased trigger sensitivity and a softer pulse for exceptional comfort. There's simply no POC more flexible than SimplyGo.

REDEFINES RUGGEDNESS

When it comes to toughness, SimplyGo is no pushover. With a long-life compressor, high-quality parts, a high-impact resistant design, and oversized cart wheels, this POC was built to set new standards of ruggedness. During development, SimplyGo was rigorously tested and subjected to extreme conditions including impacts, vibrations, and temperatures to deliver reliable performance day in and day out.

SimplyGo's warranty and service programs are all about flexibility. With SimplyGo, you have the choice of two-, three-, or five-year warranty. Pick the plan that's best for you. While some POC's must be returned to the manufacturer for service, SimplyGo's easily accessible parts and comprehensive service tools allow your technicians to perform the work right in your shop if you prefer.
